## What is this padlet for?

As you know, a padlet is an online bulletin board. I've created this one to show you what we did from October 2017 to May 2019. Read, rate, or use it as a valuable resource.

## Our blog

## Joining Hands for a Better Future Erasmus + KA2 2017-1-IT02-KA219-036551

The project is on migrations. We are doing research into our past condition of poor migrants, then we are going to study the present situation characterized by massive flows of economic migrants and refugees. In the end we are going to write our own proposals of inclusive education.

**Handbook with reflections on migration and proposals of inclusive education**

The handbook is made of students' proposals which are not thorough but are original and are the result of cooperative learning and debate. The proposals require extra school time for afternoon workshops and the investment in intercultural education.
